CONCLUSIES.

In the performance of a duty imposed upon me by the Constitution. I have thus submitted to the Representatives of the People such information of our damastic and foreign affars as the public interests seem to require. Our Government is now undersoins it most trying ordeal, and my earnest prayer is, that the perfil may be successfully and finally passed, without impairing fits original strength and symmetry. The interest of the nation are best to be promoted by the renewal of fraternal relations. The complete obliteration of our past differences, and the relations are best to be promoted by the renewal of fraternal relations, the complete obliteration of our past differences, and the relations of these great ends, let us endeavor to preserve harmony between the co-ordinate departments of the government, that each in its proper sphere may cordially co-operate with the other in securing the maintenance of the constitutions.
